

Zero Suppression Code Modification to DAFR6350

The print logic has been changed in the following report to suppress zeroes. None of the calculations behind this report were modified. This new print logic will be in Production on Thursday, July 12, 2001.

- a) Suppress detail lines (appropriation/AY/fund combination) if all fields calculate zero.
- b) Suppress appropriation and AY subtotal lines if all detail lines comprising the subtotal are suppressed per (a) above.
- c) Always print agency totals including "Expenditure Credits" and "Net Revenues/Expenditures" lines.
- d) Always print agency group totals including "Expenditure Credits" and "Net Revenues/Expenditures" lines.
- e) Always print appropriated fund totals including "Expenditure Credits" and "Net Revenues/Expenditures" lines.
